Vehicle Towing and Release

510.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle at the direction of the Walla Walla Police Department.

510.2 RESPONSIBILITIES

The responsibilities of those employees storing or impounding a vehicle are as follows.

510.2.1 REMOVAL OF VEHICLE DISABLED IN A TRAFFIC COLLISION

When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the next rotational towing company. The officer will then complete the Washington Uniform Inventory Impound form and release the vehicle to the towing company.

510.2.2 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant, or to comply with posted signs.

510.2.3 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

510.2.4 RECORDS SECTION RESPONSIBILITIES

Whenever a stolen vehicle is impounded by the Walla Walla Police Department the communications center personnel will be advised to promptly attempt to notify the legal owner of the recovery. (RCW 7.69.030(7)) The investigating officer retains responsibility to ensure notification has been made or attempted.

510.3 TOWING SERVICES

The City of Walla Walla maintains a list of approved towing companies which are used on a rotational basis. These companies will be used in the following situations:

Vehicle Towing and Release

- (a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- (b) When a vehicle is being held as evidence in connection with an investigation.
- (c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations or to comply with local regulations.

Nothing in this policy shall require the Department to tow a vehicle.

510.4 STORAGE AT ARREST SCENES

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping for the arrestee's vehicle. The vehicle shall be stored whenever it is mandated by law, needed for the furtherance of an investigation or prosecution of the case, or when the Community Caretaker Doctrine would reasonably suggest it. For example, the vehicle would present a traffic hazard if not removed, or due to a high crime area the vehicle would be in jeopardy of theft or damage if left at the scene.

No impound should occur if other alternatives are available that would ensure the vehicle's protection. Factors that should be considered by officers in determining whether to impound a vehicle pursuant to this policy include:

- (a) Whether the offense for which the subject was arrested mandates vehicle impound (e.g., commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor (RCW 9A.88.140(2))).
- (b) Whether someone is available at the scene of the arrest to whom the vehicle could be released.
- (c) Whether the vehicle is impeding the flow of traffic or is a danger to public safety.
- (d) Whether the vehicle can be secured.
- (e) Whether the detention of the arrestee will likely be of such duration as to require protection of the vehicle.
- (f) Whether there is some reasonable connection between the crime/arrest and the vehicle, or the vehicle is related to the commission of another crime (i.e., the vehicle itself has evidentiary value).
- (g) Whether the owner/operator requests that the vehicle be stored.
- (h) Whether the vehicle would be in jeopardy of theft or damage if left at the scene in a high-crime area.

In cases where a vehicle is not stored, the handling employee shall note in the report that the owner was informed that the Department will not be responsible for theft or damages to the vehicle.

510.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. A locked vehicle trunk shall not be opened, even if it may be opened without a key from an accessible area of the passenger compartment. Locked or closed containers located within the passenger compartment should be inventoried as a sealed unit, absent exigent circumstances.

Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory and damage assessment. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g. cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, search personnel shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.
